# University of Dayton Premedical Programs Office Newsletter

WELCOME TO OUR FIRST YEAR PREMED/PREDET STUDENTS!

IN THIS ISSUE

## Welcome to a new school year

On a sweltering late summer afternoon students crowded the central mall in search of free pizza and information about all the awesome student groups we have at the University of Dayton. In this issue you will find some of those groups highlighted.

As the summer draws to a close and we transition into fall, this is also a time of transition for our first year students. We are so excited that you have chosen to call UD your home for the next four years and hope that we can provide support and useful resources to help you meet your goals.

For our juniors and seniors in the process of applying to

health professional schools, we have application workshops and hospital shadowing opportunities.

For everyone who has an interest in learning more about medical, dental, and PA schools, we have our Friday seminar series.

Lastly, the PPO office itself is in transition as we bid a fond farewell to our outgoing assistant director Julie Simon and thank her for her hard work and I transition into my new role as the new assistant director. Stop by. Say Hi. We are in SC 375.

Have a great semester!

Maddie De Beer, PhD
